Date:

ASSUNTO/Subject: Certificate No. CV-16/OMAE – Expiry date extension

Dear Sir,

Following the request for renewal of the OMAE approved maintenance certificate No. **CV-16/OMAE**, taking into account the authority's agenda, which does not allow for the audit required by Technical Circular CT.AIR.24 to be carried out before the certificate expires, we hereby inform you that, pursuant to the provisions of subparagraph (f) of subsection 6. B.125 of CV CAR 6, the current valid certificate, is **extended for a period of 60 days, until November 10, 2025, or until the renewal process for the current certificate is satisfactorily completed, whichever occurs first.**

Please accept, Sir, our best regards,

The logo of the Agência de Aviação Civil (AAC) of Cabo Verde is an oval shape. Inside the oval, the letters 'AAC' are prominently displayed in a stylized font. Above 'AAC' is the text 'Cabo Verde' and below it is 'AGÊNCIA DE AVIAÇÃO CIVIL' and 'CIVIL AVIATION AUTHORITY'. A handwritten signature, 'Carlos Rodrigues', is written across the logo.

Carlos Rodrigues
Executive Director
